

Bathroom Deep Cleaning Checklist

Gather your cleaning products

- Gather all of your bathroom cleaning supplies
- Make sure you have gloves to wear for the deep clean

Strip your shower/bathtub

- Remove everything that you put in your shower/tub (e.g. shower curtain and liner, bath mats, shower caddy, personal care products).

Soak your shower hooks

- Grab a small tub and soak them in equal parts vinegar and water

Dust your bathroom from top to bottom

- Use a handheld duster to reach tall heights
- Vacuum the floor
- Use a damp duster or microfiber cloth to dust surfaces

Clean your shower/bathtub

- Rinse and scrub down shower/bathtub and shower screen
- Descale shower head

Clean your personal care products

- Rinse personal care products in the sink

Bathroom Deep Cleaning Checklist

Clean the mirrors

- Use a glass and window cleaner to spray down mirror
- Wipe with a glass cloth

Clean the sink

- Use a cleaning paste to scrub the sink

Clean the toilet

- Dust the toilet
- Spray with disinfectant and wipe down
- Scrub toilet bowl with toilet cleaner

Clean the baseboards and floor

- Sweep floor and dust baseboards
- Mop floor with a solution of water, dish soap and vinegar

Disinfect handles and switches

- Wipe down with a disinfectant and microfiber cloth

Clean your bathroom dirties in the washer

- Put microfiber cloths in the washer
- Put your shower curtain and liner in the washer
- Put your (cloth) bath mat in the washer
